PaperlessPLUS \$490

You'll save time, paper and money when you organize and store client documents and files electronically. Plus, your clients can electronically sign stored documents, including preparer-retained copies of tax forms, when you add a Topaz e-signature pad. For purchase details, visit www.ctimeprivatetore.com/CCH-smallbusiness/.*

PaperlessPLUS with Premier features

Premier features provide additional functionality, including the ability to identify and sort a client's documents into a single PDF file and the ability to export data from W-2s and 1099s into the client's tax return.

Single-user license..... \$790

Two to five users..... \$1,130

For more than five users, please call.

Webinar required with initial purchase of Premier features..... \$105

To use Premier features your scanner must be TWAIN- or WIA-compliant. Visit your scanner manufacturer's website to establish which models meet this specification. For best results, a sheet-fed scanner is recommended. ATX tax preparation software is required for use of the tax return fill functionality. Features, pricing and availability are subject to change without notice. Visit www.cchfs.com/legal to view the PaperlessPLUS license agreement.

**Electronic signatures should not be used on paper-filed returns or other documents that require original signatures.*
